

CATAWBA VALLEY COMMUNITY COLLEGE

Mobile Modular provided Catawba Valley Community College modular classroom space for its Driving Training Facility program.

THE CHALLENGE

Catawba Valley Community College was in need of classroom space for their Driver Training Facility. They advertised their requirements through IPS (Interactive Purchasing System) and Mobile Modular was the successful bidder.

THE SOLUTION

After coordinating the custom design and details, Mobile Modular delivered and installed the 24'x52' modular building with skirting and included a 10-wide and 52-long aluminum deck with ADA stairs and ramp.

Customer Name: Catawba Valley Community College

Project Location: Hickory, NC

Building Type(s): Modular Classrooms

Module Count: 12

Total Sq. Ft: 1,248 sq. ft.
