

# E-CENTER HEAD START

Mobile Modular provided a modular daycare building for E-Center Head Start to accommodate their growing classrooms.

## THE CHALLENGE

Due to overcrowding and an increase in enrollment, E-Center, a Head Start-backed daycare in Northern California, needed a solution to accommodate its growth. With time constraints and a need for minimal site disruption, they turned to modular construction for a cost and time-effective, streamlined solution.

**Customer Name:** E-Center Head Start

**Project Location:** Arbuckle, CA

**Building Type(s):** Modular Classrooms

**Job Type:** Lease

**Total Sq. Ft.:** 1,728 sq. ft.

## THE SOLUTION

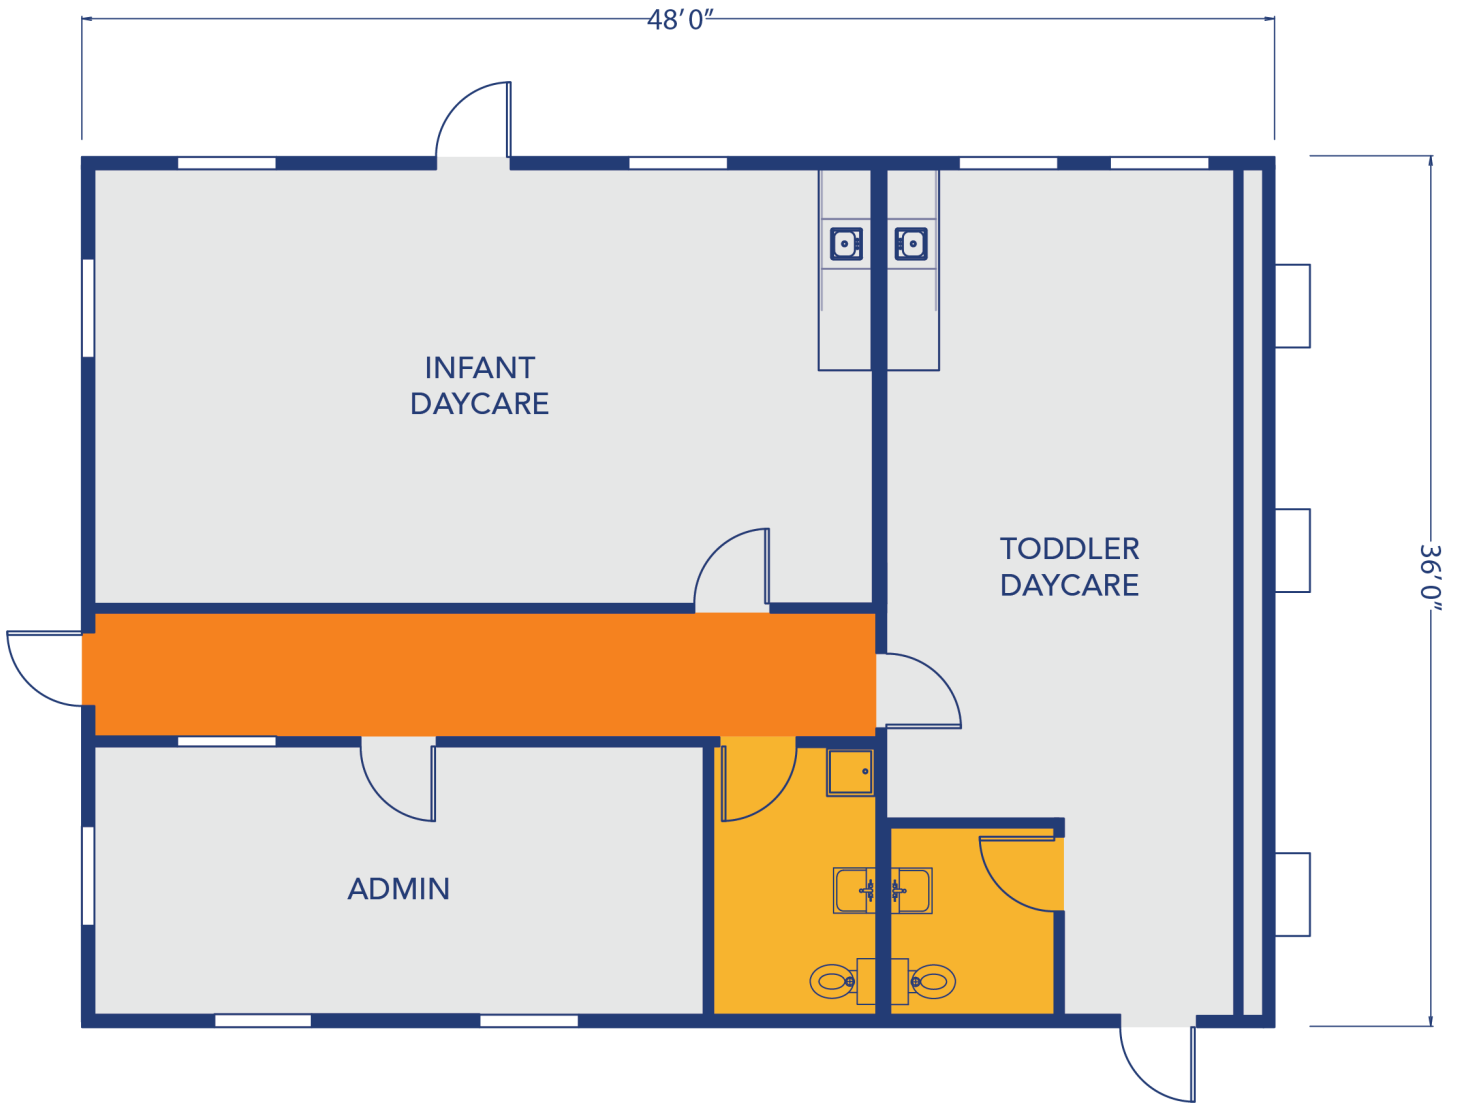

Mobile Modular provided a 36×48 modular daycare building including a toddler classroom, infant room, and office space to complete their building. Mobile Modular also provided ADA ramps for hassle-free accessibility. The building is positioned adjacent to the playground for easy access by the toddlers and was installed in a manner for ease of relocation if needed, but is intended to be on site for decades!
