

# THE CITADEL MODULAR DORMITORY

Mobile Modular completed a new modular dormitory during the pandemic for The Citadel. The dorm maintained the look of the historic university.

## THE CHALLENGE

Charleston, SC is known for Rainbow Row and Magnolia Plantation. The campus of The Citadel is also known for its Romanesque style of architecture, and the staff at The Citadel wanted to maintain the look and feel of the iconic architecture on their campus.

The goal of the project was to create a dormitory that blended seamlessly on the campus. Time to completion was not in the school's favor. With a small window of time, it was apparent that using modular techniques was the only option available.

## THE SOLUTION

Mobile Modular's holistic project approach allowed our team to maintain fiscal effectiveness during difficult times. By working hand-in-hand with The Citadel team, Mobile Modular was able to take their concept and create a welcomed addition to their beautiful campus.
