

ASBURY UNITED METHODIST CHURCH

Mobile Modular provided a new permanent church office that blends with the existing building at the site.

THE CHALLENGE

Asbury United Methodist Church in Livermore, CA needed a new modular office building to replace their current dilapidated and hazardous modular building. Asbury United Methodist Church chose Mobile Modular for our ability to adhere to stringent time constraints and provide a cost-effective solution. Mobile Modular was able to quickly begin the design process and get a 36' x 66' building into production.

Customer Name: Asbury United Methodist Church

Project Location: Livermore, CA

Building Type(s): Modular Office

Job Type: Sale

Total Sq. Ft.: 2,376 sq. ft.

THE SOLUTION

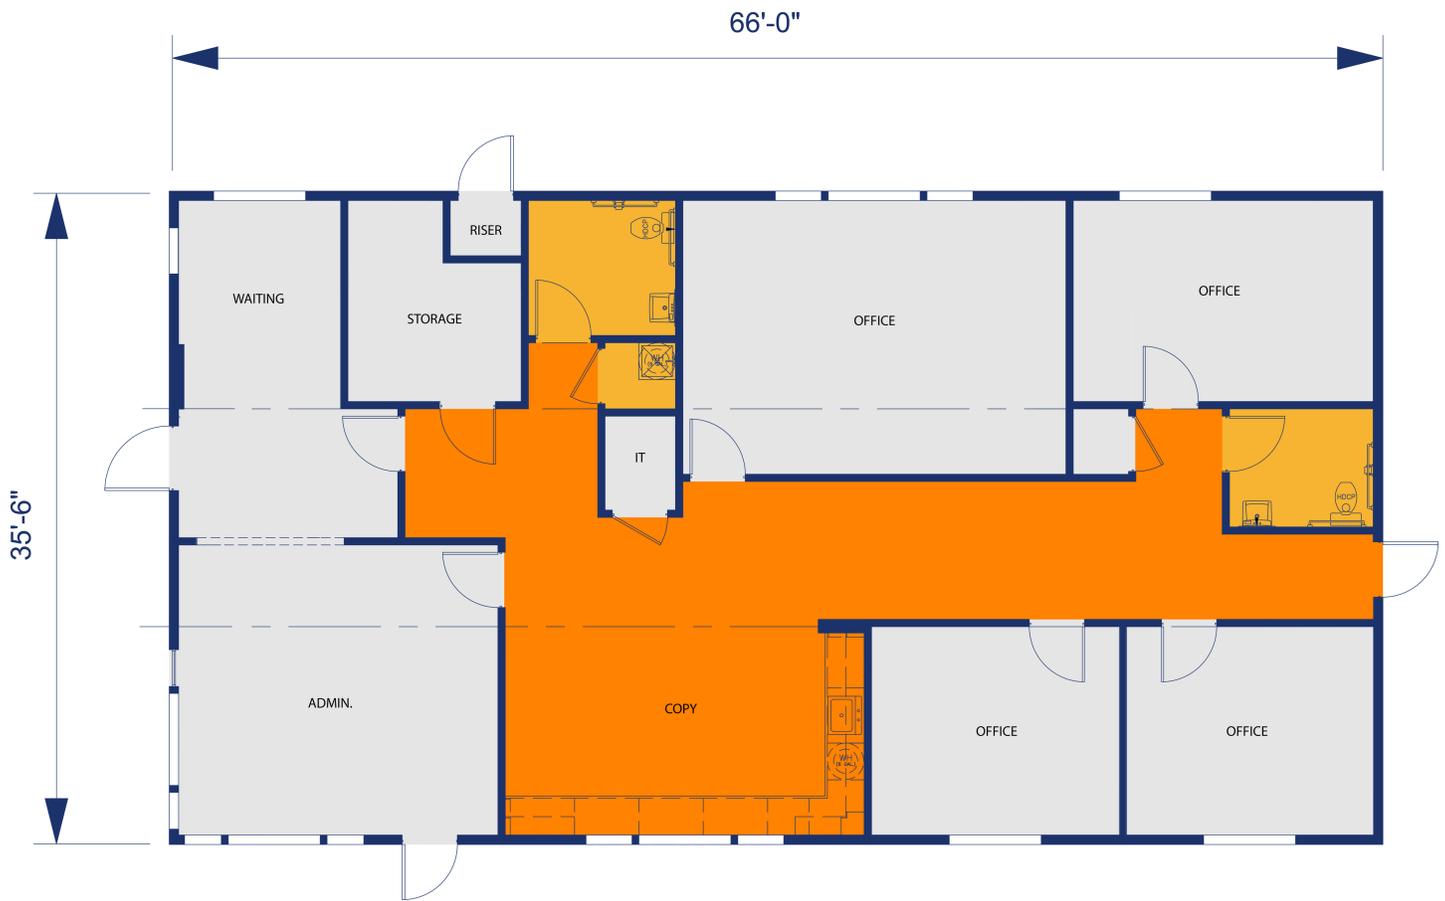

The modular building was designed, manufactured, delivered, and fully finished within the rigid 4-month required time frame. The modular building was built to include several offices, a conference room, storage space, administration space, and a waiting area. Mobile Modular's scope included handling the foundation, excavation, HVAC system installation, fire sprinklers, and interior finishes. Additionally, we provided site-installed roof trusses on site to elevate the look of the completed modular building for a truly site-built feel.
