# Relocatable Classroom Solutions For Today's Emerging Educational Challenges.

Mobile Modular provides the modular learning environments that today's school districts depend upon to master the demanding challenges of modern education.

**Limited budgets, escalating class sizes, fluctuating enrollment and faculty fatigue all combine to make the task of modern education a daunting,**

arduous enterprise—an endless quest to balance the constraints of fixed resources with the growing demands of academic responsibility.

Mobile Modular offers America's largest and best maintained fleet of modular classroom solutions, available to school districts today for lease, rent or purchase and backed by a team of experts who truly understand the needs of today's educators. Durable and full-featured to fit your exact specifications, our modular building systems provide high performance workspaces for schools eager to make the most of their land and capital resources.

**Better Classrooms Deliver Better Performance.**

At Mobile Modular, we deliver portable building solutions to fit the needs of today's school districts. From classrooms to cafeterias, administrative offices to locker rooms, our fleet of sturdy educational workspaces provides ready answers when schools need them most.

A wide variety of floorplans ensures that your relocatable learning environments not

only meet or exceed all applicable state building codes, but also satisfy demanding educational requirements.

Mobile Modular offers the largest fleet of portable classrooms and educational buildings in today's market and deep experience in the challenges of school space and capital resource manageability. When schools need cost effective, dependable and exceptionally well-maintained modular classrooms, our team of professionals are ready with fast delivery and reliable installation.

"Our parents and students enjoy being in the 21st century modular wing that gives our district the most flexibility when it comes to portable classrooms. I would recommend using Mobile Modular."
